

Whipps Cross Voices

March 2023

A new website

We have just launched our new [website](#) so please take a look. We've added new images to the hospital stories and the galleries, including contributions shared with us over the course of the project and newly acquired and catalogued material in the collection. You can also listen and view Frazer's work on the voices of the hospital and we'll be adding each episode as it is released. Many thanks to Christine and Maureen for giving their time as our volunteer curators. We hope you all enjoy taking a look.

Round up event

We have greatly enjoyed bringing together the stories of Whipps Cross Hospital and making connections with staff and patients past and present. Many thanks to everyone for keeping up with us, sharing stories, photos and ideas, coming out to meet us or taking the time to contact us. Our final event will take place in the hospital canteen on **Wednesday 29th March** between 11am and 2pm. This will be a chance to meet us in person and take a look at some of the work we've been doing. We hope you will be able to drop by.

Even though the project is coming to an end, you can still keep up with our news and future displays about Whipps Cross Hospital by joining the [Barts Health Archives newsletter](#). All the contact details for the archive and ways to follow the service are there.

All best wishes,

Kate and Claire
