

Whipps Cross Voices

January 2023

Happy New Year everyone

January 2023 brings us closer to the end of Whipps Cross Voices and as we enter our last few months on the project we'll be concentrating on sharing our achievements with you.

We have greatly enjoyed making connections with staff and patients past and present and the stories we can tell about Whipps now are much richer than they were before. Take a look at the [website](#) to see some of the things we've uncovered. There is still time to share with us before we wrap up in the spring so do be in touch with anything you'd like to tell us.

To get us in the mood for the spring, the photo above is Maggy Howarth's floral path mosaic and garden built from natural stone and pebbles. This work was commissioned by Waltham Forest Health Authority in 1996 for one of the hospital courtyards.

Join our volunteer team

Thank you if you have already expressed an interest in volunteering to bring together our final displays. Our first meeting is on **25th January**. All our planning will be done in a small working group meeting over Zoom. We'll have 4-5 online sessions from late January and throughout February, with displays at Whipps Cross, the Archive at St Bartholomew's Hospital and online to be completed in March 2023.

If you would like to tell people about a stand out memory, place or person or you could help select photos and design displays, please contact us by 22nd January and we'll be in touch with a Zoom link to make a start.

All best wishes,

Kate and Claire
